# FUTURE of WORK

**03** Can machines 'learn' or 'think'?

Computing power and data have given birth to artificial intelligence, transferring labour pain to the world of work

**02** 8 trends to look out for

Build new technologies reshaping work are either already here or within reaching distance

**04** Technology suits the task

Useable technology has the potential to revolutionise the workplace and make a significant return on investment

**06** 'Work busin

Organisations that own their own technology in

## A revolution is changing how we work

*Rapid change, driven by advancing technology and the 'march of the robots', is accelerating to revolutionise how we spend our working lives*

...the future of work. There's a lot of talk about it in the past, and it's not going to change. I want to see it in the future. It's not just a matter of when we do it. And a lot of people are saying that it's not just a matter of when we do it. It's a matter of how we do it. And that's what we need to focus on. We need to focus on the ways and means by which we can get the most out of it.

92% vadītāju uzskata, ka organizācijām ir jāmainās

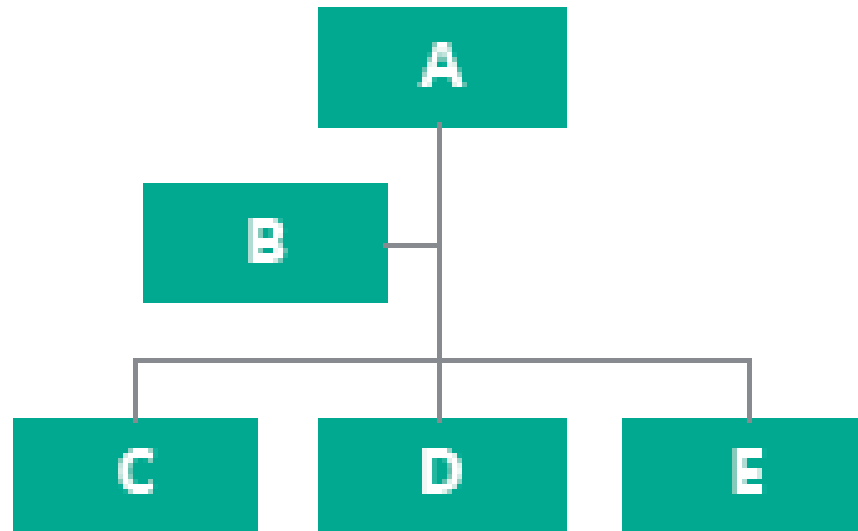

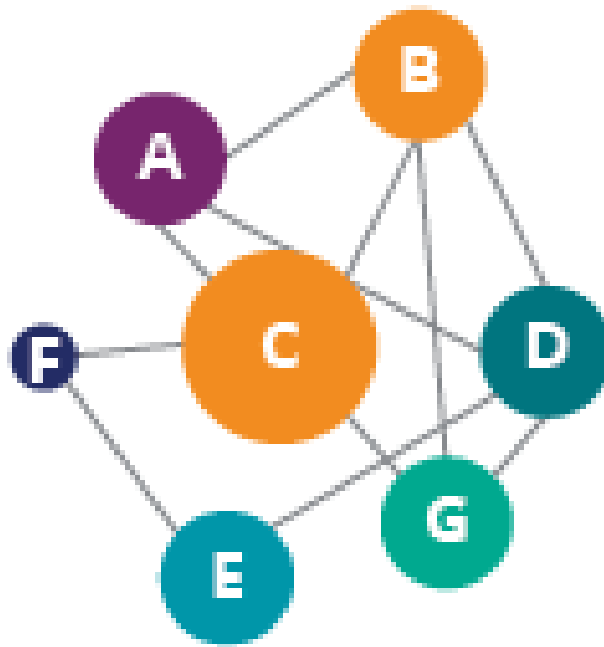

**Vadītāji uzskata, ka nākotnes  
organizācijas izveide ir galvenais  
2017.gada izaicinājums**

(c) Deloitte globālā pētījuma dati par personāla tendencēm, 2016

# Tā bija...

# Tā ir šobrīd...

Darbinieki uz noteiktu laiku vai noteiktu darbu veikšanai pasaulē veido gandrīz vienu trešdaļu no visiem strādājošajiem

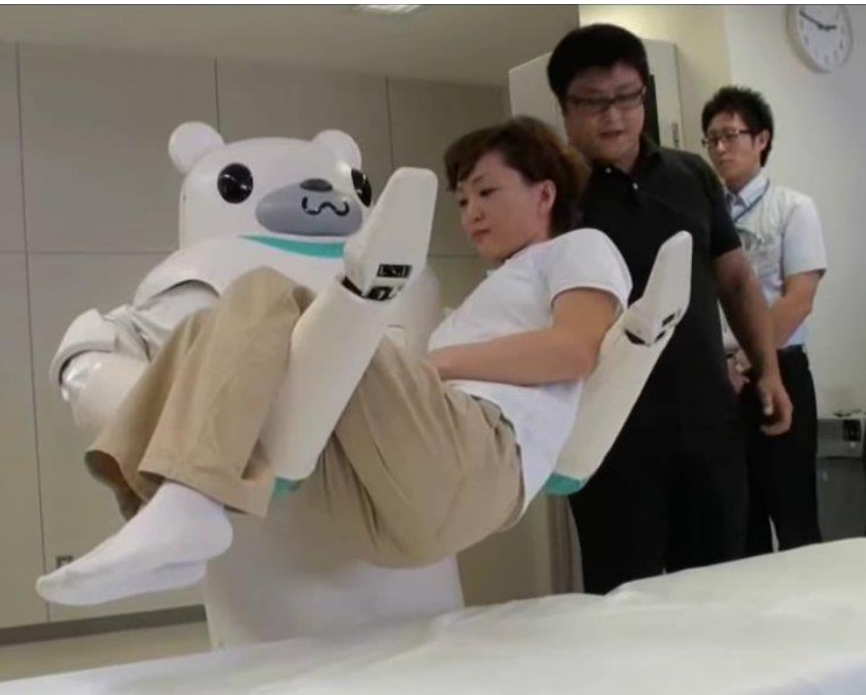

# Vai roboti atņems mums darbu?

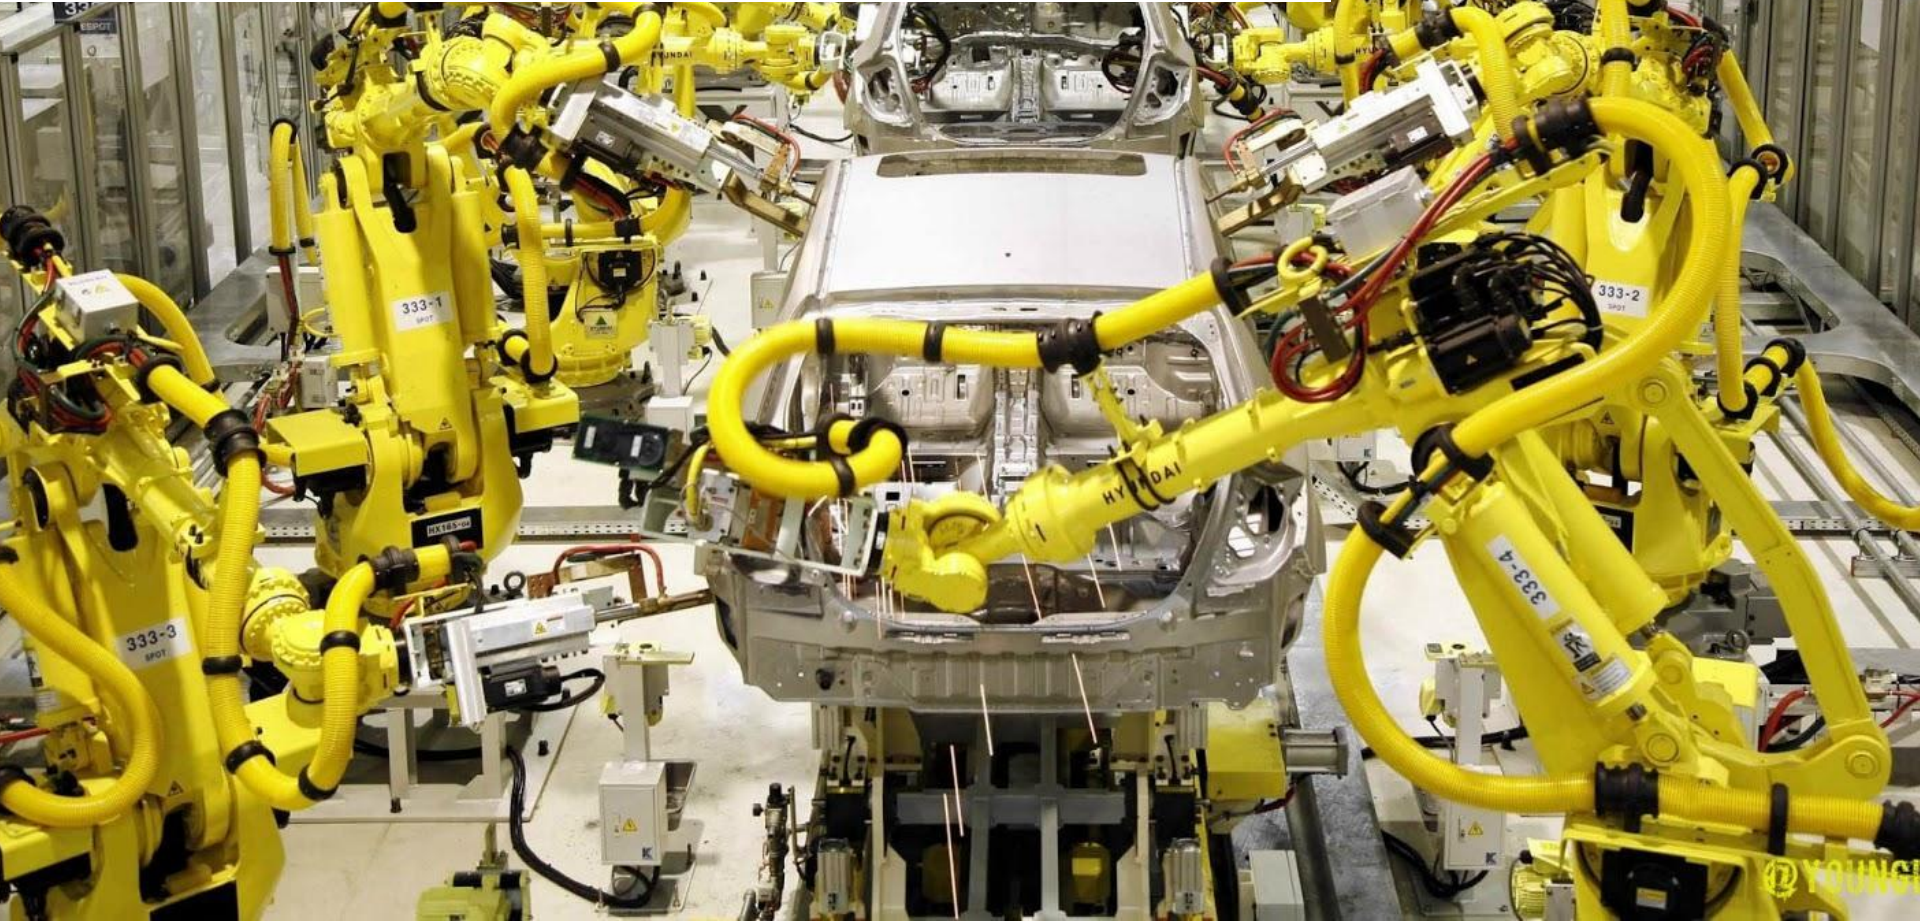

# Virtuālā realitāte

# AUTOMATIZĀCIJA
