

Safety

A close-up photograph of a person's arm and hand. The person is wearing a dark, possibly black, jacket with a prominent reflective silver stripe running along the sleeve. Their hand is clenched into a fist, and they are holding a measuring tape. The background is blurred, showing hints of other people and an outdoor setting.

Why should we?

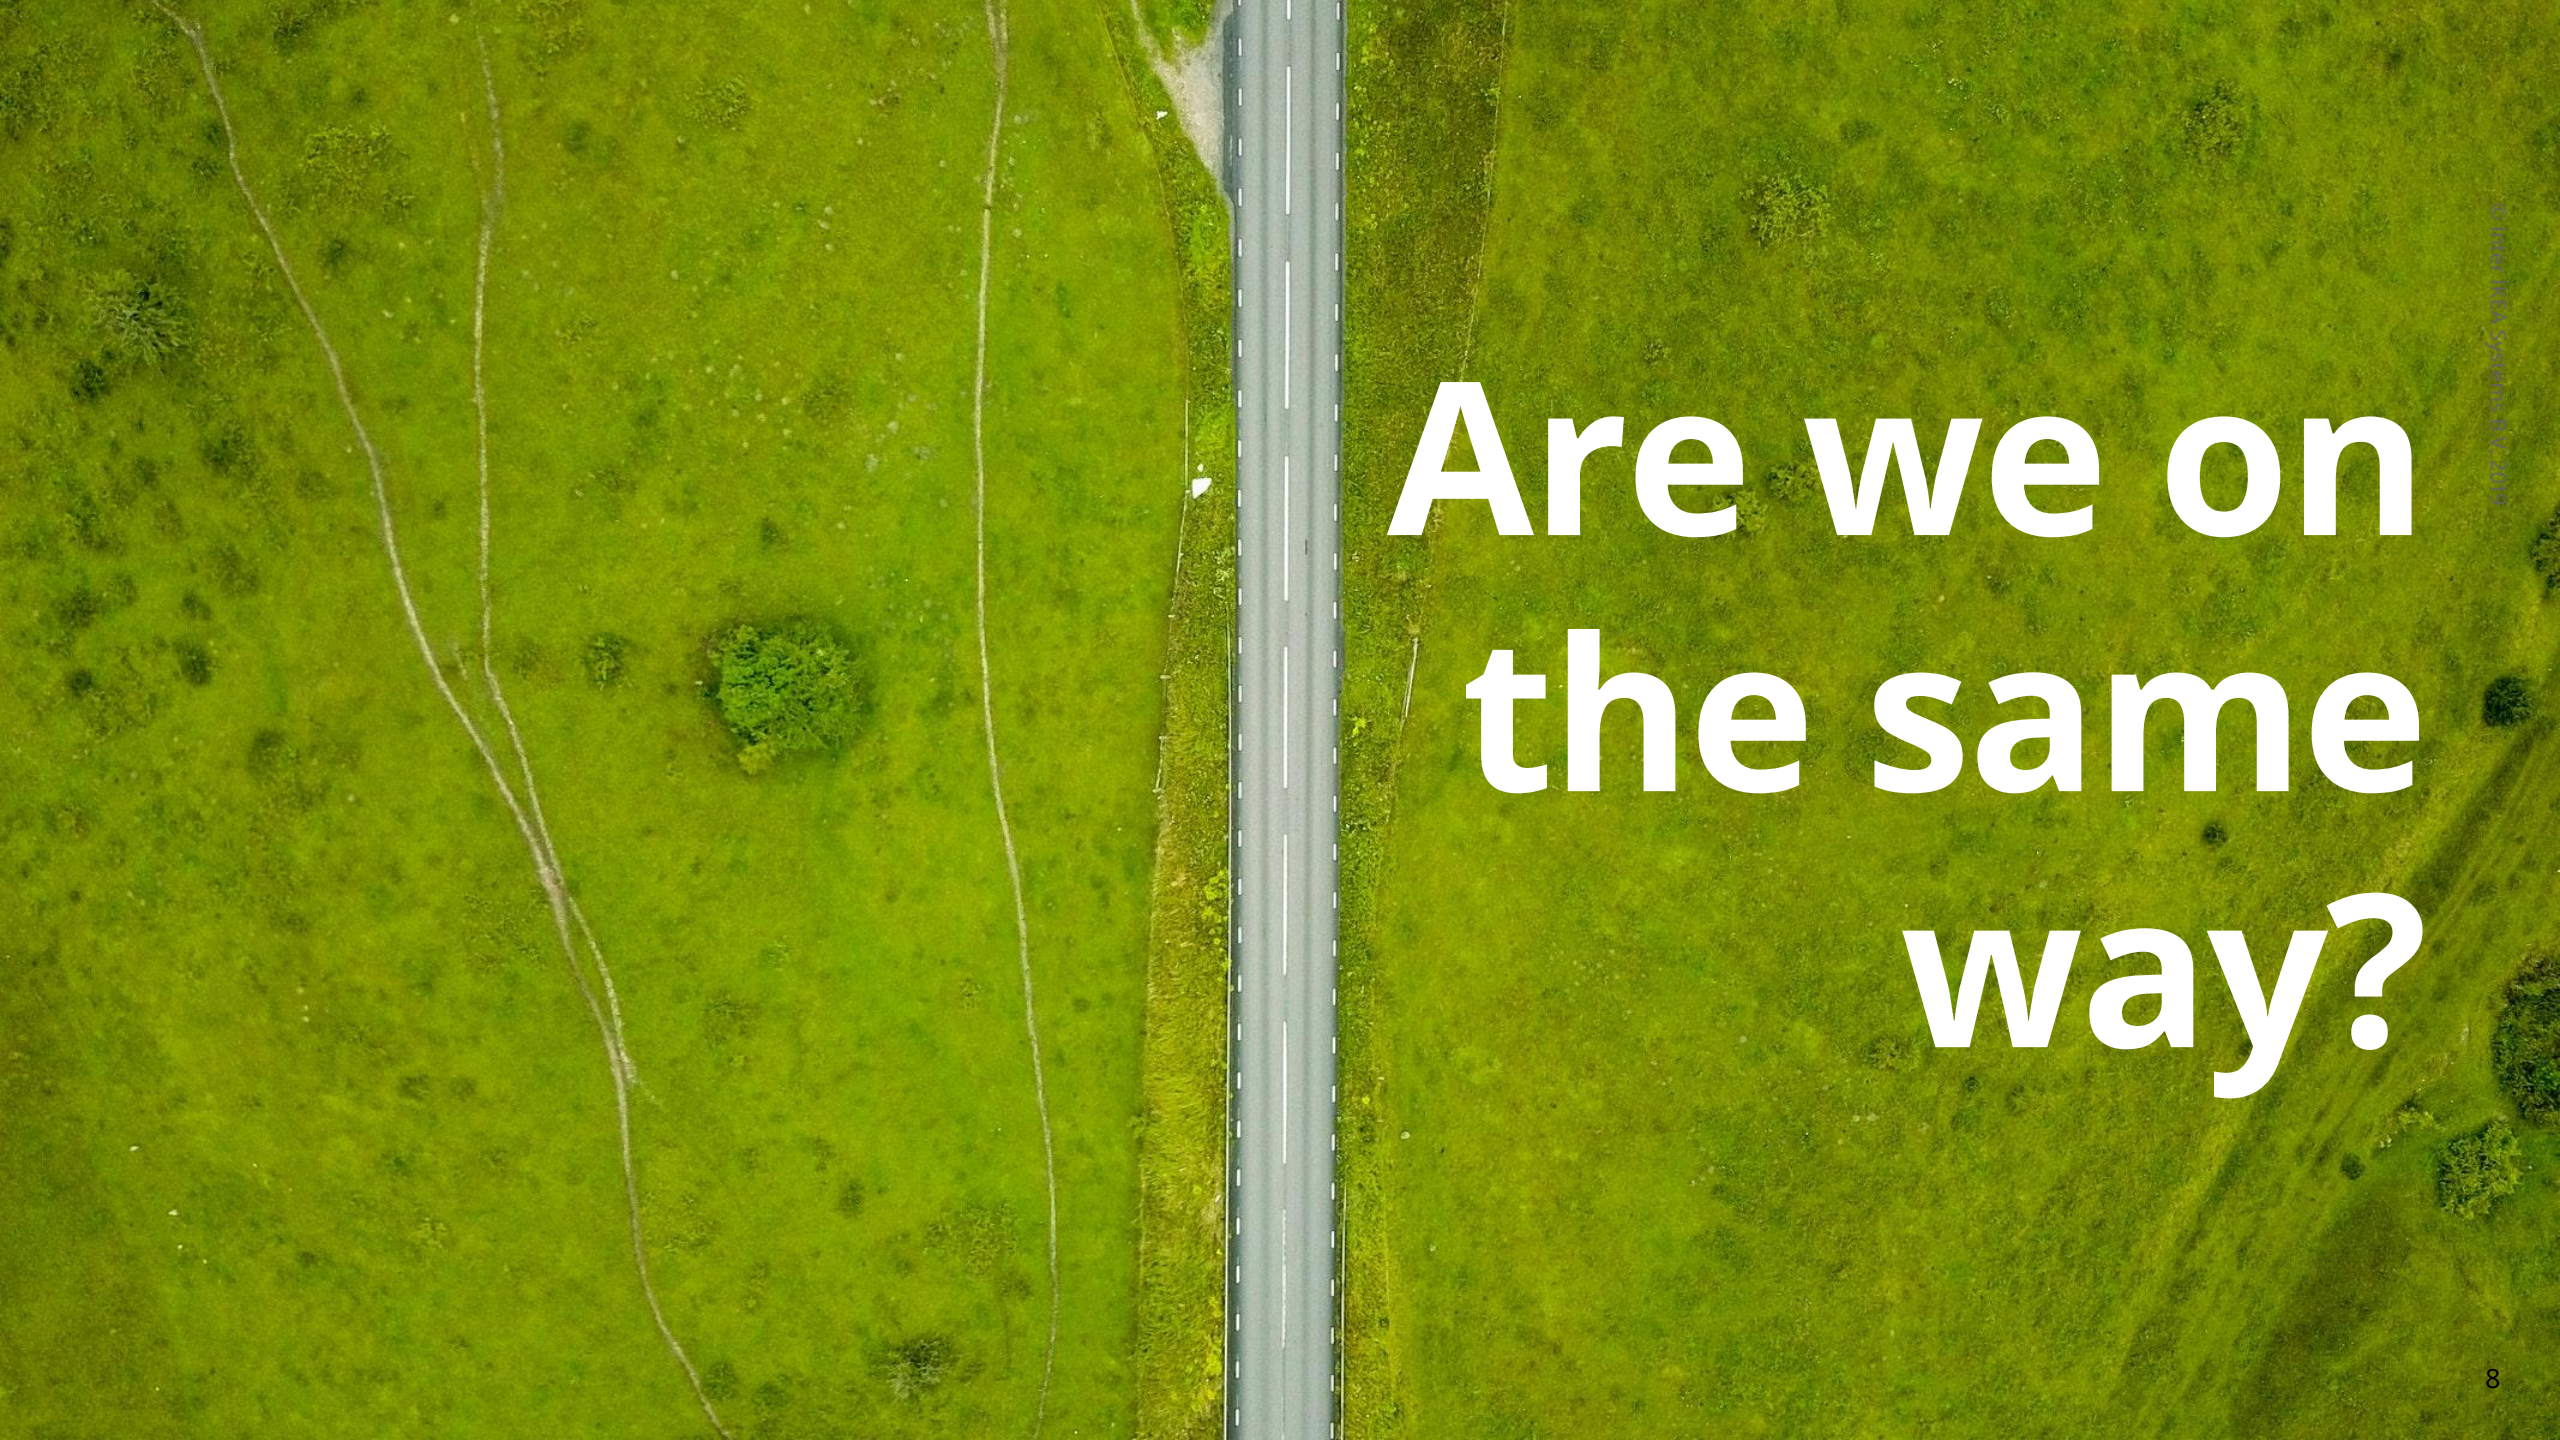

**How we
see the
situation?**

Our way of working

An aerial photograph of a two-lane road with a dashed white center line, stretching vertically through a vast, vibrant green field. The field is textured with various shades of green, suggesting different types of vegetation or perhaps small trees and shrubs. The road is a straight line, providing a sense of direction and path. The overall scene is peaceful and open.
